Innes' Band Opening Attracts Sunday Excursionists.

The Street Railway company will exert itself to the utmost to handle the crowds going out to Vinewood Sunday afternoon and evening for the opening concerts of Innes and his band. This is expected to be the time of the gratest rush because it is Sunday, it is the first opportunity to hear the band in the coming engagement and there will be something like 2,000 excursionists here on that day for the concerts.

"We shall run trains just as close one after another as we can," said Superintendent Albert Patten this morning when asked about the arrangements. "All the big Vinewood cars

ments. "All the big Vinewood cars and trailers will be used. One thing that should be impressed upon the public is not to wait till the last minute before starting for the park. The concerts will be at 3 and 8 o'clock and everyone should be on his way to the park the start an hour before concert time. at least an hour before concert time.

A wider mafgin would be better. Another important fact is that we shall run all the city lines every night of the

other important fact is that we shall run all the city lines every night of the Innes concerts until all the people have been taken to their homes, no matter how late the concerts hold or how late the crowds leave the park."

One of the excursion traffs Sunday will come from Lindsborg, with stops at McPherson, Assarla and Salina, and will arrive here about noon. This is a long distance to come and the compliment to the band is all the more pronounced because Innes played for a week this spring at the annual Messiah music festival at Lindsborg. The Santa Fe will have excursions from Emporia and beyond that point and will have one fare round trip rates on the main line east as far as Holliday and over to Leavenworth and on the St. Joseph branch as far as Atchison. All the excursion trains will leave after the night concert.
